Mr. Carl Duckett
Director of Missile Intelligence
Redstone Arsenal
Huntsville, Alabama

Dear Carl:

25X1A

We appreciated your participation in the weekend session on missile sizing, and I know that [redacted] valued the Army contribution very much. However, I was sorry that my trip with Gene Fubini precluded a final conversation.

It is my impression that you received all necessary personnel information from our people on Monday and that we are now firmly in motion toward an EOD in mid or late September. Of course, our preference is as early as possible, but we will abide by your arrangements there with General McMorrow. If by any chance there are loose ends still apparent in the important professional transition for you, please call me at my vacation telephone ([redacted]), and I will see that appropriate steps are taken here in Washington. 25X1A

For my part I am off on two weeks very much needed rest. I am looking forward to seeing you in September.

Sincerely,

Albert D. Wheelon

adw/jlp
